Keynote Address

Theresa Moyers, PhD

Professor and BAC Advisor

“Indebtedness and the Value of a College Education ”

Theresa B. Moyers, Ph.D. is a Professor of Psychology at the University of New Mexico. Uniquely in our faculty, she completed both her undergraduate and graduate degrees at this University many years before beginning an academic career here, meaning that she has keys to offices in our department dating back to 1984.

Over the last thirty five years, she has also managed to smuggle 7 puppies into her various offices, when they were too young to be left alone all day. Dr. Moyers was a staff psychologist at the Albuquerque Veteran’s hospital for 10 years before beginning her research career, and retains a deep interest in what makes therapists useful to their clients. Her research focuses on examining why behavioral interventions for addictions are effective, and the best ways to train treatment providers to use them. She is an internationally recognized expert in the area of motivational interviewing and has given invited addresses and keynote speeches in 14 countries and 43 states. In addition to teaching classes, providing service to her department and supervising graduate students, Dr. Moyers has published more than 40 scholarly articles and is a co-author of a new book entitled *Effective Psychotherapists: Clinical Skills That Improve Client Outcomes*.

Psychology Departmental Honors

Each year a small number of qualified psychology majors are admitted to the department's Honors program. The Honors program is designed to provide intensive and personal instruction for selected students who intend to pursue graduate or professional study. All students acquire advanced knowledge and skills in psychology and conduct their own research projects.

The Psychology Department has offered an Honors Program in Psychology for 57 years. The program involves a total of 12 semester hours distributed over the Junior (Psychology 391, 392) and Senior (491, 492) years. In the senior year each student works with a faculty advisor to design and complete an individual research project. Upon completion of the program and with the recommendation by the Psychology Faculty, students will graduate with Honors in Psychology. Based on work in the Honors courses and the individual research project, students are selected to graduate from UNM with one of the following levels of honor: Cum Laude, Magna Cum Laude, and Summa Cum Laude.

Basics in Addiction Counseling (BAC)

The Basics in Addiction Counseling (BAC) program is a concentration within the Psychology Major that provides academic coursework and applied clinical experience to help prepare students for careers in the addiction counseling field.

Addiction counseling is one of the few fields in which it is possible with a bachelor's degree to work as a fully licensed behavioral health professional. The demand for addiction treatment services is high in New Mexico, which has some of the nation's highest death rates from drunken driving, drug overdose, and other alcohol/drug-related causes. Psychology graduates with the BAC concentration will have completed all coursework requirements to become a Licensed Alcohol/Drug Abuse Counselor (LADAC) and will have accrued 300 hours of supervised clinical experience. The program emphasizes clinical practice that is based in scientific knowledge, and adherence to the highest of ethical standards.

UNM TRADITIONS

UNM Traditions - The Lobo Mascot

After "Lobo" was adopted as the school's nickname in 1920, it was not long thereafter that a real Lobo became the mascot.

Bruno Dieckmann, class of 1902, and by 1920 a successful Albuquerque insurance and real estate agent, acquired the first Lobo for the University at his own expense. At the time he was treasurer of the Athletic Association and "one of the most admired men in town."

Elsie Ruth Chant, class of 1923, recalled, "All of the girls on campus wanted to be seen with him. He was an accomplished concert violinist as well as being a successful businessman, and he was rich. He drove a Stutz Bearcat convertible around town and all of the girls would compete to get rides with him. Sometimes he had five or six girls in the car, and when he finally got married, he left broken hearts all over campus. Anyway, he either caught it himself or he paid to have a wolf captured in the Mount Taylor area. The wolf was brought into the school and a student by the name of Bowman would take it on a leash to the football practice area."

Apparently, a government trapper named Jim Young caught a wolf pup on the Floyd Lee Ranch near Mount Taylor in western part of the state. The cub became the responsibility of the cheerleaders and it appeared in harness at every football game. However, in the late 20s, a child teased the wolf and the child was bitten at one of the games. UNM officials were forced to dispose of the wolf, as one historian put it, "for fear other ill-bred brats might become tempted to play with the wolf and bring a damage suit."

A live wolf has really never been a part of the athletics scene since. In the early 1960s a human mascot named "Lobo Louie" was created. A second mascot, "Lobo Lucy" was created in the early 1980s. Both are now members of the school's cheerleading squad.

Cherry and Silver

The most common origin of New Mexico's school colors dates back nearly 100 years. Apparently, the school colors in the early 1890s were black and gold. Ms. Harriet Jenness, a faculty member who taught drawing, delarte (drama), penmanship and music, suggested a change in school colors because black and gold did not give a true feeling of New Mexico. She suggested the crimson evening glow of the majestic Sandia Mountains to the east. The silver came from when students and faculty took picnics in the Sandias and noted the Rio Grande looked like a silver ribbon winding through the valley below. Her ideas were enthusiastically adopted by the faculty and staff. The crimson was later changed to cherry, the color of a Sandia sunset. Miss Jenness died in 1895, two years before the colors were adopted as "official." From 1973-79, turquoise was integrated into the official school colors, at least, for the athletics teams. The football team wore turquoise jerseys at home during those years. Cherry and silver returned as the predominant colors in 1980.

The Alma Mater

The Alma Mater (in Latin means "Nourishing" or "Dear Mother") was a source of contention at UNM in 1947. The original Alma Mater was set to the tune of "Annie Lyle," which was an unpopular tune with the student body for a long period of time. The student body voted in a general election to change the Alma Mater and found Glee Club Director Craig Summers to oblige. Actually Mr. Summers and his father wrote the present Alma Mater three years before and called it "The New Mexico Hymn."

New Mexico, New Mexico

We sing to honor thee.

This golden haze of college days

Will live in memory.

This praise we sing will ever ring

With truth and loyalty New Mexico, your fame we know

Will last eternally.

The Fight Song

The UNM fight Song was written in 1930. The music to the Fight Song was written by Dean Lena Clauve, who served the University for 32 years as a professor of music education and as the Dean of Women. Dr. George St. Clair, professor in the English Department, wrote the lyrics.

Hail to thee, New Mexico,
Thy loyal sons are we. Marching down the field we go,
Fighting for thee.
RAH! RAH! RAH!

Now we pledge our faith to thee,
Never shall we fail.
Fighting ever, yielding never.
HAIL! HAIL! HAIL!
