

I. General Information:

Name of Practicum Site:

Address or Physical Location:

Dates of Placement:

Primary Supervisor(s):

2. Schedule at Placement:

Days per week:

Hours per week:

Type of Supervision: (list all received at this site):

Direct client contact (number of hours):

Total Hours Completed at the Placement:

Number of face to face hours in each category:

Assessment (face to face)

Intervention (face to face)

Supervision/consultation (face to face)

Administrative

Other professional

3. Training at the practicum site: Assessment

Please indicate the types of assessment you have completed:

Intake/Diagnosis

Personality Assessment

Neuropsychological Testing

How many integrated assessment reports did you complete at this site (full length report integrating information from multiple sources, i.e. testing data, interview, reports from collaterals, etc.)?

Please provide a rating of agreement with the following statement:

This practicum experience enhanced my knowledge of classification systems, knowledge of psychometrics and selection of instruments that have the strongest scientific support, ability to place assessment results within a broader environmental context, ability to interpret assessment results and communicate them both orally and in written text.

Please add any comments needed to help us understand your rating, as needed.

4. Training at the Practicum Site: Interventions

This practicum experience enhanced my ability to conceptualize cases and conduct empirically-based interventions and my ability to monitor treatment effectiveness and alter treatment plans as needed.

1 Strongly disagree	2 Disagree	3 Mildly Disagree	4 Mildly Agree	5 Agree	6 Strongly Agree
----------------------------------	----------------------	--------------------------------	-----------------------------	-------------------	-------------------------------

Please add any comments needed to help us understand your rating.

5. Training at the Practicum site: Learning to Provide Supervision

This practicum experience enhanced my knowledge of supervision models and practices, my ability to supervise others such as research assistants and or student clinicians.

1 Strongly disagree	2 Disagree	3 Mildly Disagree	4 Mildly Agree	5 Agree	6 Strongly Agree
----------------------------------	----------------------	--------------------------------	-----------------------------	-------------------	-------------------------------

Please add any comments needed to help us understand your rating.

6. Consultation and Interprofessional/Interdisciplinary skills

This practicum experience enhanced my knowledge of consultation models and practices and my ability to collaborate with others and respect their opinions and viewpoints.

1 Strongly disagree	2 Disagree	3 Mildly Disagree	4 Mildly Agree	5 Agree	6 Strongly Agree
----------------------------------	----------------------	--------------------------------	-----------------------------	-------------------	-------------------------------

Please add any comments needed to help us understand your rating.

7. Communication and Interpersonal Skills

This practicum experience enhanced my ability to engage in effective relationships with disparate individuals (e.g. colleagues, communities, supervisors, supervisees, clients) and my ability to communicate effectively both orally and in written text.

1 Strongly disagree	2 Disagree	3 Mildly Disagree	4 Mildly Agree	5 Agree	6 Strongly Agree
----------------------------------	----------------------	--------------------------------	-----------------------------	-------------------	-------------------------------

Please add any comments needed to help us understand your rating:

8. Individual and Cultural Diversity

This practicum experience enhanced my ability to understand how my own history may influence interactions with diverse individuals, my knowledge of the relevant literature on diversity, and my ability to work effectively in research, service and clinical work with individuals who have histories and worldviews that are disparate from my own?

1 Strongly disagree	2 Disagree	3 Mildly Disagree	4 Mildly Agree	5 Agree	6 Strongly Agree
----------------------------------	----------------------	--------------------------------	-----------------------------	-------------------	-------------------------------

Please add any comments needed to help us understand your rating:

9. Professional values, attitudes and behaviors

This practicum experience enhanced my ability to behave in ways that reflect the values of psychology including integrity, deportment, professional development, accountability, lifelong learning, concern for the welfare of others, self-awareness of personal and professional functioning and learning activities to maintain my own well-being and professional effectiveness?

1 Strongly disagree	2 Disagree	3 Mildly Disagree	4 Mildly Agree	5 Agree	6 Strongly Agree
----------------------------------	----------------------	--------------------------------	-----------------------------	-------------------	-------------------------------

10. And Finally:

Overall (optional): Is there anything else you'd like to say about this training experience. Will you recommend it to other students? caution them? Would you like to talk more about this experience with a member of the Clinical Committee (please do)?
