

Application for Psychology Honors Program

This application is to be completed during the Spring semester preceding your junior year. Applications received after March 13th may still be considered but will receive lower priority. This form should be submitted with (a) a current transcript and (b) a one-page (single-spaced) statement. This statement should describe why you want to be in the honors program, your research interests in psychology, previous research experience (if any), plans for graduate study, and long-term career goals.

Name: _____
